**Asian Network Pacific Home Care named to 2011 Top 500 HomeCare Elite**

**Oakland, California, February 1, 2012— Asian Network Pacific Home Care** today announced that it has been named to the 2011 HomeCare Elite™, a compilation of the top-performing home health agencies in the United States. Now in its sixth year, the HomeCare Elite identifies the top 25 percent of agencies and further highlights the top 100 and top 500 agencies overall. Winners are ranked by an analysis of performance measures in quality outcomes, process measure implementation, and financial performance.

"It is increasingly challenging to manage the cost/quality equation. The 2011 HomeCare Elite winners demonstrate a commitment to providing patients with the best possible care while managing their business efficiently and effectively," said Amanda Twiss, CEO of OCS and My Innerview. "This year, we updated our methodology to reflect industry focus and, based on this rigorous analysis, we congratulate **Asian Network Pacific Home Care** on being one of the top home care agencies in the country."

**Asian Network Pacific Home Care, Mr. Stephen Tung, Director of Community Outreach**, credits **heart and skills** with the company's ability to rank as one of the HomeCare Elite. He said, "**Asian Network is "where heart and skills come together", and the most critical of these skills include patient-centric communications skills and clinical skills. Accordingly, our staffing objective is aligned with our philosophy of care as we continue to bring aboard clinical and health professionals who possess the clinical and communications skills and the heart to consistently deliver competent, conscientious and compassionate care for each individual whose home care or hospice care we have been entrusted.**"

"The HomeCare Elite designation continues to gain significance given the regulatory changes and challenges that agencies face. Agencies that have earned recognition among the HomeCare Elite

demonstrated that they not only can adapt to an evolving marketplace but continue to excel in both clinical and financial outcomes,” said Marci Heydt, product manager for the post-acute care business group, DecisionHealth.

The 2011 HomeCare Elite is the only performance recognition of its kind in the home health industry. The 2011 HomeCare Elite is brought to the industry by OCS HomeCare, the leading provider of homecare information, and DecisionHealth, publisher of the industry’s most respected independent newsletter *Home Health Line* and the *Complete Home Health ICD-9-CM Diagnosis Coding Manual*. The data used for this analysis were compiled from publicly available information.
